## WELCOME...

to our May newsletter, the first of two you'll receive this month (we'll be sending out a last minute Mothers Day gift ideas one-pager next week). The store is full and beautiful right now. So much new stock, really lovely jewellery and accessories, locally designed furniture and some favourite items in new styles. As a result this newsletter is a little packed in too, but there's lots of information we want to share with you right now. Hope to see you soon and enjoy the read.

## WINE RACKS & NESTS OF TABLES

Designed in South Australia, our new wine racks and nests of tables in a buff finish will suit most decors. The top table doubles as a magazine rack and the wine rack holds 28 bottles suspended from their neck in a unique patented design (see below). Available in 4 colours.

## HOMEWARES

The looks coming through right now are very natural and earthy. We have lots of wooden or fibred homewares in Flourish

and will feature this as a theme next month. Just as a taster for now, we have Woven Light Balls in 3 sizes and 2 colours, from \$79.95.

Adding to our popular Tribal Elephants we now have Owls and Red Deer statues. Also a range of miniatures from \$16.95. A little note to say our footstools are back in stock. \$125 each

## NEW FROM MOR

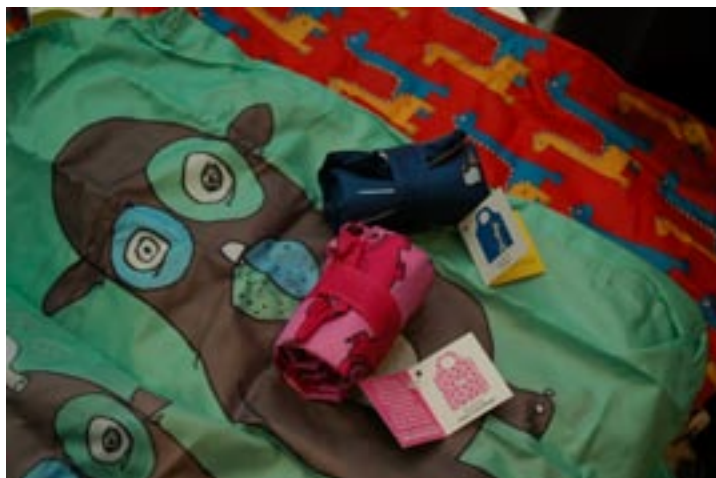

The deluxe Imperia range from Mor has grown and now includes candles. Come and experience the fragrances for yourself, such as the delicious Fruits of Conucopia or Flower of Narcissus. Priced from \$19.95, Mor are luxurious gifts for others, or yourself!

## ENVIROSAX

We believe Envirosax are possibly the perfect all-round, suit any age, any personality gift idea! Priced at just \$8.95, they look great, they're presented beautifully but with minimal packaging, and let's face it we could all use a convenient scrunch up shopping bag (or 4!). Grab a couple and put them in your drawer for gift emergencies. We now have kids versions in a wide range of bright funky patterns (see below). Also \$8.95, they're great for the library or make your next kids' party bags, a bag!

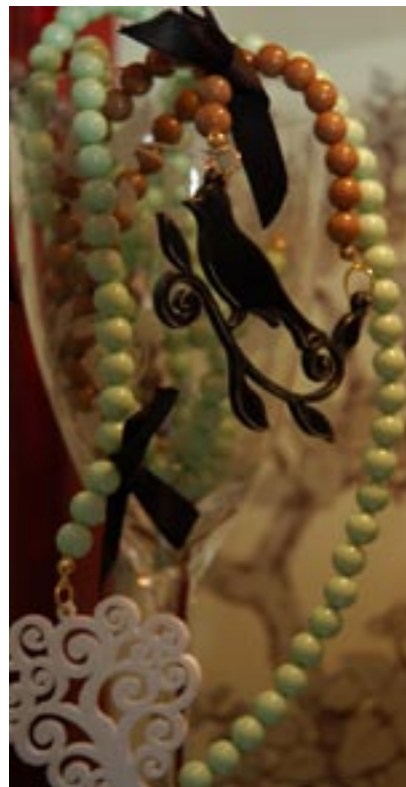

## NEW LEATHER

We love our range of Lambada bags and wallets. Made from the best quality leathers, in colours that are a bit more unusual - gorgeous purples and rich reds. Different designs including a funky laptop bag, from \$169.

## JEWELLERY

Just arrived, the gorgeous and fun designs from Western Australian designer Pigeonhole. Long coloured beads with acrylic tree accent \$54.95 or a shorter style with bird detail \$49.95. Variety of colours as well as other pendants to choose from. Also be sure to check out Pigeonhole's range of lip balms too.
