NEW ARRIVALS FROM ELK

For the last three years Flourish has been a stockist of the wonderful Elk accessories range from Melbourne. Marnie and Adam have built a fantastic label into a market leader and we have been proud to help spread their wares through Adelaide. Season after season they have released innovative and beautiful jewellery designs which excite us very much at Flourish! Elk spends time in the small communities where their pieces are made, enabling them to learn about other cultures and traditional methods, and the most beneficial ways to work with the craftsmen and women.

This season's jewellery has just arrived and Marnie has been inspired by Nordic colours and style. Resin, wood and felt all feature in the new range.

COMING SOON - We will be adding some of Elk's new knitwear range (Hood Poncho shown left). Alpaca and Wool are combined to make gorgeous Vests, Scarves, Ponchos and a very sweet Peacoat. Come in and check out the catalogue as advance orders are being taken now.

Congratulations to Marnie and Adam for building a great business with integrity, great design, and affordable style that so many of us wear and love. Watch out for next month's Flourish News as we'll be featuring a beautiful new handcrafted magazine basket, designed specifically to be made by a women's collective in India - another great Elk initiative.
